Organize the First National Hybrid Conference on

**AI, CREATIVITY, AND LANGUAGE LEARNING: TOWARDS NEW FORMS
OF EXPRESSION, COMMUNICATION, AND PEDAGOGICAL INNOVATION**

30/06/2026

Chaired by: *Dr. Bekhta BELAID & Prof. Amine BELMEKKI*

Scope of the Conference

The national conference *AI, Creativity, and Language Learning: Towards New Forms of Expression, Communication, and Pedagogical Innovation* examines the growing integration of artificial intelligence in foreign language education within the Algerian academic context. It highlights the transition from traditional, form-focused instruction toward more dynamic approaches that view language learning as a multimodal and meaning-making process. In this regard, the conference explores how AI technologies enable learners to engage with language through diverse modes of communication, including textual, visual, and interactive forms, thereby expanding their expressive and communicative capacities in ways that align with contemporary educational and societal demands.

Furthermore, the conference addresses the pedagogical implications of AI-supported learning environments in national higher education and classroom settings. It emphasizes the role of AI in enhancing learner engagement, supporting differentiated instruction, and fostering essential digital literacy skills. Particular attention is given to how AI-mediated communication can contribute to more authentic and contextually grounded language use, while also encouraging intercultural awareness within both local and global frameworks. The conference thus invites contributions that critically and empirically explore the opportunities and challenges of integrating AI into language education in Algeria, with a view to informing effective and context-sensitive practices.

Objectives of the Conference

The conference aims to critically investigate the pedagogical, cognitive, and ethical dimensions of integrating artificial intelligence into language education at the national level. It seeks to explore how AI can support innovative teaching practices through adaptive learning systems, intelligent feedback tools, and evolving approaches to assessment that prioritize continuous and formative evaluation. In addition, the conference considers the potential of immersive technologies, such as virtual and augmented reality, in creating engaging learning environments that enhance learners' interaction with language in meaningful and context-rich ways.

At the same time, the conference places strong emphasis on the preparation and professional development of teachers in AI-rich educational contexts. It highlights the need to equip educators with both technological and pedagogical competencies, while fostering critical awareness of ethical concerns such as data privacy, algorithmic bias, and the preservation of learner agency and cultural identity. By bringing together researchers, educators, and practitioners from across the national context, the conference aims to promote informed dialogue and collaborative reflection on how AI can be integrated responsibly and effectively to support innovative, equitable, and human-centered language learning practices.

Conference Tracks:

We welcome submissions on, but not limited to, the following tracks:

- AI-Mediated Creativity in Foreign Language Learning – fostering learner creativity with AI tools.
- Multimodal Communication and New Forms of Expression – AI-driven expression beyond traditional text.
- Pedagogical Innovation and AI-Enhanced Teaching Practices – integrating AI to improve instruction.
- AI in Developing Writing, Reading, and Higher-Order Thinking Skills – enhancing literacy and cognitive skills.
- AI, Learner Agency, and New Cognitive Possibilities – promoting autonomy and creative thinking.
- Ethical, Cultural, and Human-Centered Dimensions of AI – addressing social and ethical implications.
- AI-Driven Assessment and Feedback in Foreign Language Learning – formative and summative applications.
- Immersive AI Environments – virtual reality, augmented reality, and metaverse-based learning.
- Preparing Teachers for AI-Rich Language Classrooms – professional development and digital literacy.
- AI-Supported Collaboration, Interaction, and Social Communication – fostering peer interaction and engagement.

Important Dates

Abstract Submission Deadline: **15/06/2026**

Notification of Acceptance : **18/06/2026**

Conference Date : **30/06/2026**

Languages of the Conference: *English, Arabic, Spanish and French*

Submission Guidelines:

Abstracts: 250–300 words, including:

- ✓ Presentation title
- ✓ Author(s) name, affiliation, and contact information
- ✓ Track selection
- ✓ Up to 5 keywords
- ✓ Language of submission: *Arabic; English; Spanish and French*

Emails for Abstract Submission: Abstracts should be sent **to both:**

1. flpatplab@gmail.com
2. aiengconfilmnaamauniv@gmail.com

Scientific Committee:

Chairperson of the Scientific Committee: Dr. Bekhta BELAID, University of Naama & Prof. Amine BELMEKKI, University of Tlemcen

- Prof. Sâadane BRAIK, University of Naama
- Prof. Habib EL MESTARI, University of Naama
- Prof. Mohammed ESSALIH BOUDIAF, University of Naama
- Prof. Smail BENMOUSSAT, University of Tlemcen
- Prof. Noureddine MOUHADJER, University of Tlemcen
- Prof. Ilham SERIR, University of Tlemcen
- Prof. Miloud BOUKHAL, University of Naama
- Prof. Khatir NAIMA, University of Naama
- Prof. Mohamed Amine DRISS, University of Mascara
- Prof. Mohamed KOUED, University of Ouargla
- Prof. Faiza MEHTARI, University of Tlemcen
- Prof. Wassila GRAIA BOUKLIKHA, University of Tlemcen
- Prof. Meryem BABOU -SEKKAL, University of Saida
- Prof. Hayat BAGUI, University of Naama
- Prof. Asma MERINE, University of Naama
- Prof. Anissa MBATA, University of Naama
- Prof. Abdelghani BOUZIANE, University of Naama
- Dr. Yasser YAHIAOUI, University of Naama
- Dr. Fatima Zahra BELKHIR, University of Tlemcen
- Dr. Yasser AGHA, University of Naama
- Dr. Samir DERDOUR, University of Naama
- Dr. Chahra Zed BENSSNOUCI, University of Naama
- Dr. FayçalFATMI, University of Naama
- Dr. Nadja BOUSSEBHA, University of Naama
- Dr. Wahida YAICHE, University of Naama
- Dr. Nabil Aziz HAMADI, University of Sidi Bellabes
- Dr. Aouicha BENABDELLAH, Higher School of Management, Tlemcen.
- Dr. Amaria FEHAIMA, University of Ain-Temouchent
- Dr. Meryem KOURICHI, University of Naama
- Dr. Naima TIFFOUR, University of Naama
- Dr. Slimane MEGHAGHI, University of Tlemcen
- Dr. Abderrahim SAIDI, University of Tlemcen
- Dr. Imane DIB, University of Tlemcen
- Dr. Fouad BENMAMAR, University of Tlemcen

Organizing Committee:

Chairperson of the Organizing Committee: Dr. Bekhta BELAID, University of Naama & Dr. Adila BERRAZEG, University of Tlemcen

- Dr. Nabila ELHADJ SAID, University of Naama
- Dr. Khadem GOUABI, University of Naama
- Dr. Zahra KHEDIMI, University of Naama
- Mrs. Farida DRICI, University of Naama

- Mr. BAYA Boulanouar, University of Naama
- Mrs. Khadija BENMANSOUR, University of Tlemcen
- Miss. Imene YAKOUBI, University of Naama
- Miss Amel OUMOUSSA, University of Naama
- Mr. Abdulrahim BERBOUCHI, University of Naama
- Miss.Ghezala FARFOUR, University of Naama
- Miss Youssra Huyam RAFAI, University of Naama
- Miss Dikra KHAZANE, University of Naama

Conference Format

The conference will be conducted in a hybrid format, allowing participants to attend and present either:

- On-site
- Online
